**ADDENDUM NO. 2
to the
Iowa Department of Transportation
Proposal for
AWOS Replacement at 9 Airports, FAA AIP #03-19-1900-19-2011
Proposal No.: LT00873
Letting Date: June 29, 2011 at 1:00 P.M.**

To all bidders:

This Addendum is issued to incorporate the following additions, deletions, corrections, and clarifications to the Specifications and is hereby made a part of the Contract Documents. This Addendum shall supersede, modify and/or change all statements or drawings to the contrary in the Plans and Specifications and shall take precedence over these documents.

Approved Equals:

The use and standard installation of All Weather Inc (AWI) AWOS IIIP equipment is acceptable with the following notes:

- Reinforcement and dimensions for the wind tower footing must meet the Iowa DOT plan drawings.
- If All Weather Inc. (AWI) equipment is used, the power distribution panel must accommodate six (6) single pole circuit breakers (in addition to the 40A, two pole main), which meets the minimum requirements listed on page 15 of the AWI Site Preparation Manual. If additional circuits are required, the contractor will need to provide a larger power distribution panel.
- The power distribution pad and cabling should be installed with consideration of potential snow and ice accumulations. The AWI AWOS power distribution panel and power connections are located close to the ground. Adjustments (potentially raising the connections) to accommodate weather conditions in Iowa must be made.

Following is a question from a prospective bidder with the corresponding DOT answer in red:

Q. Are the drawings in LT00873 the same as the ones submitted with RFP LT00847?

A. Yes, they are.

All Contractors must sign and return this Addendum Acknowledgement Form with your bid and/or acknowledge this Addendum in the Schedule of Prices. Failure to do so may subject the Bidder to disqualification. If you have already submitted your bid, this Addendum may be faxed/e-mailed to Purchasing (information below) prior to scheduled letting.

Bidder is responsible to confirm Purchasing has received the signed addendum. The Bidder has the singular responsibility to make this Addendum available to all sub-bidders.
